Wall calendar back flap with sticker seal

Mini calendar back flap with sticker seal

Our biggest move towards more environmentally friendly products, and for us the most impactful, has been the **removal of shrink-wrap** from our entire calendar process, allowing us to print several hundred thousand calendars plastic-free, printed on and packed in recyclable materials. Eighteen months of research, design and planning enabled this significant contribution to improve the long term sustainability of our publications.

## SUSTAINABILITY

Flame Tree actively strives to promote ethical development and environmental conservation. We have removed the shrink-wrap from all of our calendars so the packaging is now plastic-free. Our calendars are printed on FSC®-certified paper.
